

2017

Summer Homework

Intermediate Grades

Dear Intermediate students and families,

We have so much to learn next year, so let's get started!

Math & Language Arts

IXL.com will be used this summer to **review** math and language arts skills taught last year. Your child will not be expected to turn in any IXL printouts. Instead, the program will allow teachers to see the amount of time and progress your child is making throughout the summer.

Although some of these "Skills" may have been assigned during the course of the previous year, students are still expected to (re)do them. Completing them AGAIN will provide students with additional practice and preparation for the challenges of next year.

Incoming 3rd graders are required to complete the following **Grade 2 "Skills"**:

IXL Math

- ✓ A.7 Hundreds Chart
- ✓ G.6 Add two two-digit numbers – with regrouping
- ✓ H.6 Subtract two two-digit numbers – with regrouping
- ✓ L.12 Input/Output tables – write the rule, up to 100
- ✓ M.3 Place Value Models – up to thousands
- ✓ N.4 Round to the nearest ten, hundred or thousand
- ✓ P.6 Equivalent amounts of money
- ✓ R.5 Interpret line plots
- ✓ U.3 Count vertices, edges and faces
- ✓ W.3 Identify the fraction

IXL Language Arts

- ✓ CC.2 Commas with dates
- ✓ DD.2 Abbreviate months of the year
- ✓ PP.1 Use guide words
- ✓ OO.3 Order alphabetically based on the first three letters
- ✓ C.1 Is it a complete sentence or a fragment?
- ✓ C.2 Is it a complete sentence or a run-on?

- ✓ D.3 Identify nouns
- ✓ J.3 Form and use the regular past tense
- ✓ K.1 Change sentence to the future tense
- ✓ T.3 Identify the adjective that describes the noun

Incoming 4th graders are required to complete the following **Grade 3 “Skills”**:

IXL Math

- ✓ B.3 Place Value names up to hundred thousands
- ✓ B.4 Value of a digit
- ✓ C.9 Add two numbers with 4 or more digits
- ✓ D.7 Subtract numbers with 4 or more digits
- ✓ G.15 Multiplication tables up to 12
- ✓ P.1 Rounding-nearest 10 or 100 only
- ✓ U.5 Interpret bar graphs
- ✓ W.6 Match fractions to models
- ✓ AA.3 Word names for decimals
- ✓ CC.1 Identify two-dimensional shapes

IXL Language Arts

- ✓ A.1 Sentence types: statement, question, command or exclamation?
- ✓ B.1 Order the words to create a sentence
- ✓ D.3 Is it a complete sentence, a fragment, or a run-on?
- ✓ E.2 Identify nouns
- ✓ F.1 Form regular plural nouns with –s, -es, and –ies
- ✓ I.2 Identify action verbs
- ✓ O.1 Is the sentence in the past, present, or future tense
- ✓ DD.5 Capitalization: review
- ✓ WW.3 Order alphabetically based on the first three letters
- ✓ DDD.2 Put the sentences in order

Incoming 5th graders are required to complete the following **Grade 4 “Skills”**:

IXL MATH

- ✓ A.3 Place value names
- ✓ A.5 Choose word names for numbers up to one thousand
- ✓ A.10 Prime and composite numbers- up to 20
- ✓ A.12 Rounding
- ✓ D.1 Multiplication facts to 12
- ✓ D.2 Multiplication facts to 12; find the missing factors
- ✓ D.3 Choose the multiple of a given # up to 12
- ✓ E.1 Division facts to 12
- ✓ E.2 Division facts to 12 word problems
- ✓ P.1 Fraction review

IXL Language Arts

- ✓ A.1 Is the sentence declarative, interrogative, imperative or exclamatory
- ✓ A.2 Is the sentence simple
- ✓ C.1 Identify the complete subject of a sentence
- ✓ C.2 Identify the complete predicate of a sentence
- ✓ C.3 Identify the simple subject or predicate
- ✓ I.1 Use action verbs
- ✓ I.2 Identify action verbs
- ✓ T.1 Identify pronouns
- ✓ Y.2 Identify the adjectives that describe the noun
- ✓ Z.2 Identify adverbs

Keyboarding

Our school continues its commitment to getting every student acquainted with the basics of keyboarding. Therefore Intermediate level students are required to log in and practice their keyboarding skills using the **Typing Club** web program for **1 hour** over the course of the summer. To log in using your assigned username and password, students should go to:
sacredheartschoolventura.typingclub.com

Much like IXL, teachers will be able to access and monitor each student's progress throughout the summer. Your child will not be required to turn in anything from Typing Club. Rather, we will check to see that each student has completed the required hour by the first day of school.

Reading

Extracurricular reading encourages a love of books, increases vocabulary and fluency, provides models of good writing, maintains reading skills learned during the school year, and develops a sense of participation in a community of readers.

Since summer provides many opportunities for children to enjoy a good book, students will be expected to keep an online reading log. ***The Scholastic Summer Reading Challenge*** is a free online reading program for children designed to motivate and excite students about reading. Once logged in, you will find a variety of resources including: age appropriate suggested book lists, daily reading tips & videos for parents working with their children to build better, stronger readers and much more. Students will be given a username/password during the first weeks of summer. Once logged in, students will input each day's reading with the expectation being a *minimum* of **700 minutes** for each student over the course of the summer. These are books of your choice, so have fun with it.

This online work (IXL math & language arts, Typing Club, Scholastic Summer Reading) will be due the first day of school and will be the first recorded grades for Trimester 1.

Have a great summer!
Ms. Espinosa, Mrs. Dwyer & Ms. Carney
